

LOCKDOWN IN STEELTOWN EP  
LYRICS

1. Lockdown Phase One

Woke up with a cough and a runny nose  
Now it's 14 days with the windows closed  
I'm bored to the core finished Netflix twice  
Danced on tik tok and learned to cook rice  
Police tape on the park means no fresh air today  
Cause if you catch the Rona, it will take your breath away

Bill Gates saw it coming, he knew all the spots  
Now its population control, vaccines, nanobots  
Lost my job now I'm surfen' the CERB  
Makin' twice the cash I did a'workin'a 'jerb'  
Economy in shambles stocks are takin' a dive  
At least I kill it on Instagram live  
Grocery stores with the one way aisles  
Six feet between in single files  
Mask on my face, gloves on my hands, sanitizer is the new contraband

Bullet proof for debit cards  
Toilet paper shelf needs a bodyguard  
This new world order is super lame  
I thought the end times would have more game  
We're all fucked.

2. Quaranteen

Quarantine, it's day 14, I'm out of bread and beans, I'm 'bout to make a scene  
Oh I need to open the door!  
But the goddam news man says I gotta stay in some more!  
They say you gotta go home and stay home to save your Granny's life  
To save your Daddy's life  
To save his Daddy's Daddy's life  
To save his Daddy's Daddy's Daddy's life  
To save his Daddy's, Daddy's, D-D-D-D-DAD  
Go home and stay home!  
You gotta plank the curve, crush the curve, flatten the curve!  
You gotta plank the curve, crush the curve, flatten the curve!  
You gotta go HOME

3. Fuckin' Confused

I'm fuckin' confused, 'bout what the fuck to do  
I'm fuckin' confused, 'bout what the fuck to do  
Do vaccines cause autism or do they save lives?  
I can't eat meat or gluten or cheese or honey bee hives  
Cause the latest drop from Q-ANON says we're all fucked, it's a military state they're  
bringin in the army to cage and kill us, the elites are drinkin' babies blood getting that  
eternal life through Adrenochrome, we're all quarantined from the Rona while 5G melts  
our fuckin' faces off, seriously what the fuck?  
Cause I'm fuckin' confused, 'bout what the fuck to do  
So fuckin' confused  
Is the world ending? Or is the planet healed? Is the government helping or they tryin to  
get you killed I'm fuckin' confused  
So fuckin' confused  
What the fuck do we do man you tell me I read it on the internet and I still don't know  
what the fuck

#### 4. Speaking Moistly

Wash our hands, cough into our elbows, these are the things we know  
If people wanna wear a mask, that is ok, these are the things, the things we know  
To prevent you from speaking moistly  
Keep 2 metres apart, speaking moistly  
Keep 2 metres apart, speaking moistly  
I am not a medical expert, these are the things we know  
Keep 2 metres apart  
What I have heard from medical experts these are the things we know  
That prevent you from speaking moistly  
Keep 2 metres apart speaking moistly  
Keep 2 metres apart speaking moistly  
Moistly, speaking moistly  
Keep 2 metres apart speaking moistly

#### 5. Lockdown in Steeltown

Just tossed more meat today  
I'd say meat is essential wouldn't you?  
Now Ricky keeps sneezin' on chops  
T Bones with the Covid snot  
Close up with the front doors locked  
Lockdown in the Steeltown  
Gotta hunker down all day  
Lockdown in the Steeltown  
and I'm tightly wound today  
(Ricky sneezes)

Goddamit Ricky I was sick of you before this lockdown and now I wanna pop your fuckin' skull!

Stop sneezin' on the meat! We had to close because of you! Now put on your mask and chuck

those meat trays!

Lockdown in the Steeltown

and I wanna rock out all day (but I can't)

Lockdown in the Steeltown

and I'm stuck trashing meat trays

Mayor Cheesedick has some good news

We can open back up servin' people in two's

Ricky we just tossed our whole stock, do you know what that means?

Time to prep the meat

chops, cuts, round

Time to prep the meat

flanks, butts, mounds

Lockdown in the Steeltown

and it's over now, til it ain't

come one come all to sons of butcher's butcher shop

as long as your in two's

please grab yourself a facemask and some hand sanitizer

please make a donation because we can't afford the facemask, or the hand sanitizer

Come get your meat!
