

# Vow of The Devil Lyrics

## Verse 1

Vicious eyes relentlessly become  
A source of fear for those that you lead on  
All your lies, you swore they were the truth  
Too blind to see, enslave the helpless youth

Look inside, you will find,  
Darkness, has come-to-Light!

## Pre-Chorus

What have you done, I won't let you return from  
All that you've done, it's time to pay

## Chorus

[Vow of the devil  
Vow of the devil  
Vow of the devil]  
Quit playing games  
[Vow of the devil  
Vow of the devil  
Vow of the devil]  
I will take your life

## Verse 2

Atrocious Lies, the weak will soon succumb  
Last words they hear, your dreams are forgone  
Break your ties, you better cut them loose  
The Devil's here, your soul he will abuse.

Dead inside, Trapped in mind,  
Light, nowhere-in-sight!

## Pre-Chorus

What have you done, I won't let you return from  
All that you've done, it's time to pay

# Bury The Hatchet Lyrics

## Verse 1

Once provoked a rage ignites inside  
Now the victim refuses to abide  
After bloodshed, the chaos will arise  
Fixed on revenge, it's flaming in their eyes

## Pre-chorus

Spiral of death, an undying cycle  
Bred-to-the-bone, forever to be lost

## Chorus

He wanted to deceive  
The ones raised on betrayal  
Try to finish me  
I'm chosen to be,  
I won't bury the hatchet

## Verse 2

Forgive, forget, are words he will ignore  
Fueled by anger, they won't take anymore  
Words he's spoken, were said without a face  
Now they're broken and vengeance now awaits

## Pre-chorus 2

Spiral of death, This threat is final  
No absolution, forever to be lost

## Chorus

He wanted to deceive  
The ones raised on betrayal  
Try to finish me  
I'm chosen to be,  
I won't bury the hatchet

# Bury The Hatchet Lyrics

## Bridge

(OH!) we'll watch your empire burn!  
Never to return.

## Chorus

He wanted to deceive  
The ones raised on betrayal (gang vocals waooh)  
Try to finish me  
I'm chosen to be,  
I won't bury the hatchet

## Outro

DIEEEEEEE!!!!

**\*END\***

## **OG Pre-chorus (for recordkeeping)**

Spiral of death, an undying cycle  
Spiteful murder  
A selfish war with  
No end in sight for their delight

# Manhattan

## Verse 1

Who's to blame for devising such evil plans  
And why, do they, always take it too far  
With the world in all our leaders' hands  
We are sent to death

## Pre Chorus

War  
More  
Fear  
That's all they see  
Death  
Destroyer of worlds  
Soon cease to be

## *Chorus*

Why have they thrown themselves so far?  
This will cause our doom [our doom]

## *Verse 2*

Turn the tides, toss humanity aside  
Again, do you think there'd be no price to pay?

## *Pre Chorus*

## *Chorus 2*

Why have they pushed themselves so far?  
Soon we will all fall  
Time is looming, we're imploding  
This will cause our doom

Crave this destruction

## Pursuit - Sinful Ways

### *Verse 1*

Time is running out  
The future is in doubt  
You made the excuse but you know there's no use  
Idle all day  
And whine of the apathy  
You chose the wrong way and still shun the truth

### *Prechorus*

Your weight rests on me  
You fall, cease to be (I'm suffocating)

### *Chorus*

Just break the fall  
You there at all?  
Before I'm broken, shattered pieces on the floor  
Just break the fall  
You there at all?  
If you can hear me show me what I need to know

### *Verse 2*

"Tomorrow" you said  
By then you could be dead  
Keep it up now you'll be alone in the end  
Your mind slowly frays  
As you count the numbered days  
Start the pursuit, end the refrains
