

Smoke Masters (Gimme My Money Back)

There they are, like always sellin' smoke
Sounding like shit, though they have it all
Well, you can't fool me, I see right through
Your lack of toughness precedes you

They can't bullshit me
Say what you want, you got it for free
Are we just living in madness?
Leading sheeps right into darkness

[Bridge 1]
Something's very wrong
Self indulgent scum
Gettin' rid of you
And all your lack of attitude, oh yeah

Allright!

Time to put an end to this tradition
Another horse shit just like religion
You put a price that ain't worth it
Your entourage will endorse it

Words can't hide the truth
You're so self-righteous, so untrue
See, all you crave is for attention
But music was never your addiction

[Bridge 2]
Something's very wrong
Self indulgent scum
Gettin' rid of you
An easy target
Time to go home

[Chorus]
You remind me
All I hated
You, always suck each others dicks
As a painful sympathy
Nice performance
Sonic torture

I want my money back
Give me my money back

You are just another rip off
Your goodness is a scam
You are just another rip off
Learn your craft

You are just another rip off
Your goodness is a scam
You are just another rip off
Learn your fucking craft, GO!

Smoke Masters

Take your shit and walk that way
to extinction, yeah

Smoke Masters

[Chespi Solo]

[Repeat bridge 2]
[Repeat chorus 2 times]

Gimme my money back [repeat 3 times]
Gimme my fucking money back!
Gimme my money back [repeat 3 times]
Gimme my fucking money back!
