

Red Cain - Fisher King

Come, let me show you the
Light
The way of the Leaf
And its final tortured cry

And saidin shall burn
through your eyes
And all hope gives way,
For there's no compromise

Fires of heaven
I have endured
Feeding the Light
Left me so pure

I am uninspired
I wear no mask
I see only fire
I touch only dust

*Whatever you build you
destroy!
The heat from its ashes
Feeding the void*

Whatever I build must come
down
A broken king
Holding a
Tainted crown
And I
Fail again
Such a
Frail machine
Drunk on
Fatal saidin
And the
Blood of kin

*Who among you
Fears the Light?*

**Your move
Your move, Lews Therin
Your move
Your move, Kinslayer
Your fate
It rests
It rests in my hands**

It's here

***You lie
With every breath that I
take
Part of you dies
And don't you know who I
am,
Betrayer***

Till shade is gone
Till water done
With bared teeth
We stand alone

Till shade is gone
Till water done
With bared teeth
We stand alone

When Light is dead
And hope has fled
When open wounds
Are flowing red

Till shade is gone
The Ta'veren
In me are one
We are the end!

Coil and strike from my
bloodied knees
Ten thousand spears
begging for peace
I am Chaos and Scorn!
The Dragon Reborn!

And all that defy me shall
turn into dust
And blackest winds carry
me, silent and vast
At the turn of the Wheel
Oh Light, make me feel!

**Your move
Your move, Lews Therin
Your move
Your move, Kinslayer
Your fate**

It rests

**It rests in my hands
It's here**

***You lie
With every breath that I
take
Part of you dies
And don't you know who I
am
Betrayer***

Fight
Do I stand in the Light?
And wake up to ruin
Burning
In the grip of madness

Try
All I can do is try
All the faces I buried
Drive me forward
Prisoner of Light
