

# Freedom In Disguise

*Solo:* Alex Walsh

*Verse 1:*

Own nothing and we'll still be happy  
A great reset is the master plan  
A plan to control the masses  
And divide...

Illness, death, and poverty  
Then modify all our thoughts  
Your forum of the all elite  
Will command...

*Chorus 1:*

Freedom in disguise  
Hiding behind all your lies  
Reset and dehumanize our minds  
To decivilize  
All mankind

*Verse 2:*

We will not accept this path  
Your attempts will come to pass  
Your crimes on humankind will fail  
And dissolve....

*Chorus 2:*

Freedom in disguise  
Hiding behind all your lies  
Reset and dehumanize our minds  
To decivilize all mankind

Reform genetic strands  
To perpetuate your plan  
Reset and disguise all our lives  
To decivilize all mankind

*Bridge:*

We will stand and rise  
We will see through all your lies  
We will stand and rise  
We will be free with your demise from your lies

We will stand and rise  
We will see through all your lies  
We will stand and rise  
We will be free with your demise

*Solo:* Nick Amalfi

*Chorus 3:*

Freedom in disguise (in disguise)  
Hiding behind all your lies (all your lies)  
Reset and dehumanize our minds  
To decivilize all mankind (all mankind)

We will stand and rise (we will rise)  
And see through all your lies (all your lies)  
Rebuild and rehumanize our minds  
To re civilize all mankind (all mankind)

## **Insecurities**

*Verse 1:*

Within me  
The anxiety begins  
It drains me  
I can't say a thing

This kills me  
So many thoughts inside  
They remain  
Deep inside my mind

*Chorus 1 (Short):*

I'm tired  
And drained

*Solo:* Justyn Vynn

*Verse 2:*

This kills me  
The actions build inside

They fill me  
But I hide my pride

Within me  
I just run and hide  
Angry  
It eats me alive

*Chorus 2 (Medium):*

I try  
And hide  
My pride  
With my insecurities

*Verse 3:*

Within me  
The anxiety gets higher  
I wanna speak  
But my heart and mind stay locked

It fears me  
This attack I'm in  
I can't breathe  
With these insecurities

*Chorus 3 (Long):*

I try  
And hide  
My pride  
With my insecurities

I try  
And fail  
And hide  
In my insecurities

*Solo:* Justyn Vynn

*Middle Section:*

Living in this Hell  
I just can't speak my mind  
Afraid of myself

I lock down my pride

Living in my cell

Living in this Hell  
I fight to speak my mind  
Asserting myself  
I show you my pride

I arise!

*Verse 4:*

Eyes open  
No anxiety resides  
Awake  
I stand with my head high

No more fear  
I don't run and hide  
I stand  
And control life

*Chorus 4:*

I stand  
With pride  
No shame  
And no insecurities

I now  
Realize  
It's you  
With the insecurities

With the insecurities

With the insecurities

With the insecurities...

# They Came From The Pleiades

*Instrumental*

*All Solos: Costa Skoulikas*

## Alone With My Thoughts

*Verse 1:*

While I sit here alone with my thoughts  
My mind replaying the scene  
This dark day replays  
I sit in a daze  
And wait for the darkness...

*Chorus 1:*

Anxiousness runs through me  
My mind races furiously  
I can't run and hide  
Alone with my thoughts  
This demon grows in me

*Verse 2:*

I'm still here alone with my thoughts  
My heart beating angrily  
Paralyzed, I scream  
But no one hears me  
I can't escape from...

*Chorus 2:*

Anxiousness runs through me (Crawling all around in me)  
My mind races furiously (Dealing with the rage inside me)  
Can't run and hide  
Alone with my thoughts  
This demon grows in me

*Middle Section:*

Through my rage, I can't see  
What I need to be free  
From this Hell that I put in my head

But with time it will heal

And my thoughts will be clear  
No more pain to chain me to my cell

*Solo:* Justyn Vynn

*Verse 3:*

While I sit here alone with my thoughts  
Time's healed all my pain  
The light shining through  
I don't need to prove  
I can escape from...

*Chorus 3:*

Calmness now flows through me (Floating all around in me)  
My mind races furiously (Healing all the rage inside me)  
No need to hide  
Alone with my thoughts  
This demon dies in me

*Solo:* Justyn Vynn

## **The War Inside**

*Verse 1:*

As you lie and cry  
Tears of fear in your eyes now  
Deep inside it eats away  
The pain that grows each day now

You scream with fear, head down  
Try to fight  
The cancer that will tear you down

As you lie and cry  
Tears of fear in your eyes now

*Pre Chorus:*

Tears...  
Pain...  
Torture...

Fear and helplessness

Tears...  
Pain...  
Torture...

But you know that you can win...

*Chorus 1:*  
Feel the pain  
Pure disdain  
Still you fight  
The war again

You fight the war inside

*Verse 2:*  
Few more steps; you battle on  
Tears are less in your eyes now  
Your strength grows; more pride  
Pride that grows each day now

Your family's close; support  
As you fight  
The cancer that will tear you down

Few more steps; you battle on  
Tears are less in your eyes now

*Pre-Chorus:*  
Tears...  
Pain...  
Torture...

Fear and helplessness

Tears...  
Pain...  
Torture...

And your strength will guide you

*Chorus 2:*  
Feel the pain  
Pure disdain

Still you fight  
The war again

You fight the war inside

Time to fight..

*Middle Section:*

You stare death in the eyes

*Solo:* Costa Skoulikas

*Solo:* Armen Apekian

*Solo:* Costa Skoulikas

*Verse 3:*

You will win, and live on  
No more tears in your eyes now  
Screams of joy are heard  
You stare death in its eyes now

Death is scared, and tries to hide  
As you beat  
The cancer that won't tear you down

You will win, and live on  
No more tears in your eyes now

*Pre-Chorus/Outro:*

Tears...

Pain...

Torture...

Fear and helplessness

Tears...

Pain...

Torture...

Still you know you can win...  
And your strength will guide you  
Standing high, you will win the war inside
