

## **Bear claw**

Deep into the woods  
Peaceful as it should  
Sitting by the flames  
It's all fun and games

Rumbling Through the dark  
Omg is that A growl  
Bears are on the prowl  
They want to leave their mark

Bear claw  
What are you going to do  
Bear claw  
Is coming for you  
Bear claw  
He hunts us down  
Bear claw  
He'll eat You raw

Now they're all around  
And I can't make a sound  
I think they want my snacks  
They're gonna attack

We're all running scared  
Fighting for our lives  
Claws sharp Like knives  
Dinner's prepared

Bear claw  
What are you going to do  
Bear claw  
Is coming for you  
Bear claw  
He hunts us down  
Bear claw  
He'll eat You raw

If it's Brown, stay down  
If it's Black, fight back  
If it's White, oh no, better say good night

Two step  
Don't trip  
Slam down  
To the ground  
Spin kick,  
Snarling  
Till the end

Bear claw  
What are you going to do  
Bear claw  
Is coming for you  
Bear claw  
He hunts us down  
Bear claw  
He wears the crown
