

# **Disaster**

*Written by Frédéric Marchand*

*Music by Hopeless Nation*

Welcome to the dark side of life  
Engraved in concrete  
Bloodshed dripping down the street  
Mothers crying for relief

A deadly disease is spreading  
What everyone feared since the disaster

What can we do?  
A higher-powered disaster  
Will it strike again?  
Will this be the end?

*(Solo)*

There's no one to blame  
It's always the same game  
Family trees are shaken  
A nation left forsaken

A higher-powered disaster  
Will it strike again?

Another sad disaster  
Shaking these cities  
Bloodshed dripping down the street  
Mothers crying for relief

Crying out for redemption  
From all this destruction  
Dreaming of devotion  
Screaming for help

Will it strike again?  
Destroying cities, homes, lives  
Humanity sets them aside
