

NOX – Night Terror

[Verse 1]

Shadows crawl

Night's embrace

Flesh, it tears

No trace

[Chorus]

Feel the dread

Taste the fear

Screams unheard

Death is near

[Verse 2]

Pulse it fades

Lifeblood spills

Coldest gaze

Silence fills

[Chorus]

Feel the dread

Taste the fear

Screams unheard

Death is near

[Bridge]

Broken bones

Shattered dreams

Empty thrones

Silent screams

[Chorus]

Feel the dread

Taste the fear

Screams unheard

Death is near
